Easy Origami Flower Bouquet

Simple step-by-step paper folding art. Ages 7+

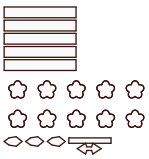

Watch the folds

1 Print the template

Print the page at 100% on colored paper. The dashed line around the flower bouquet is where you cut.

2 Cut it out

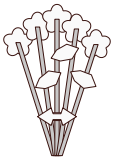

With a grown-up helping, cut out the stem strips, the ten flower heads, the leaves, the ribbon and the bow.

3 Make the stems

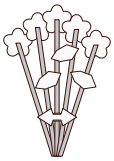

Roll each stem strip up tightly along its length into a thin stick, and glue the end.

4 Make the flowers

Glue each pair of flower heads back to back, with the top of a stem in between. Glue the leaves on.

5 Tie the bouquet

Gather the stems together. Wrap the ribbon round them, glue its end, and glue the bow on the front.

6 Color the flowers

Marker 1: color each flower a different color, with a yellow middle.

7 Color the stems and ribbon

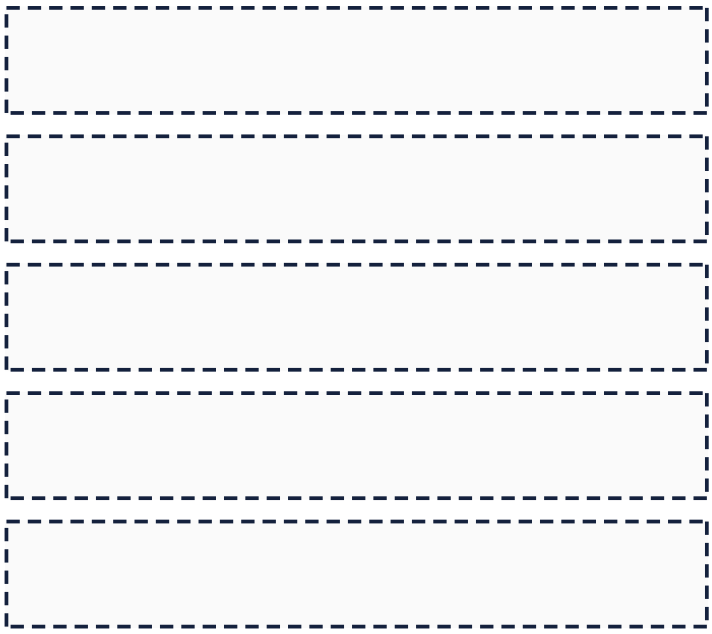

Marker 2: color the stems and leaves green, and the ribbon and bow pink. For you!
