Easy Origami Frog

Simple step-by-step paper folding art. Ages 4+ (6+ alone)

Watch the folds

1 Print the template

Print the page at 100% on colored paper. The dashed line around the frog is where you cut.

2 Cut it out

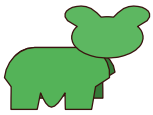

With a grown-up helping, cut out the body, the head.

3 Fold the body

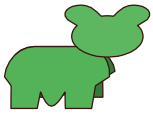

Fold the body in half along its back. Open it a little so it stands on its legs.

4 Add the head

Fold back the tab under the chin. Glue it on top of the back, at the front, so the face looks sideways.

5 Stand it up

Open the legs a little so your frog stands steady.

6 Draw the face

Marker 1: draw two big eyes on the bumps and a wide smile.

7 Add the spots

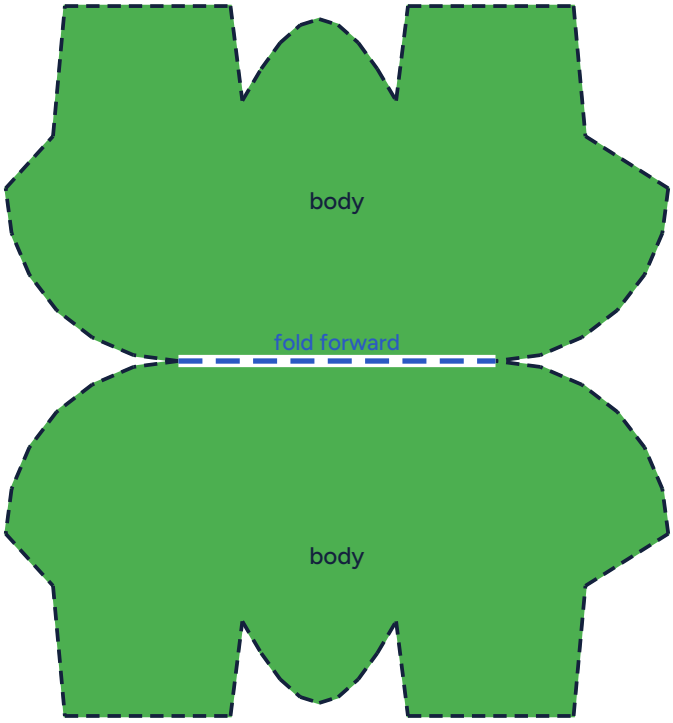

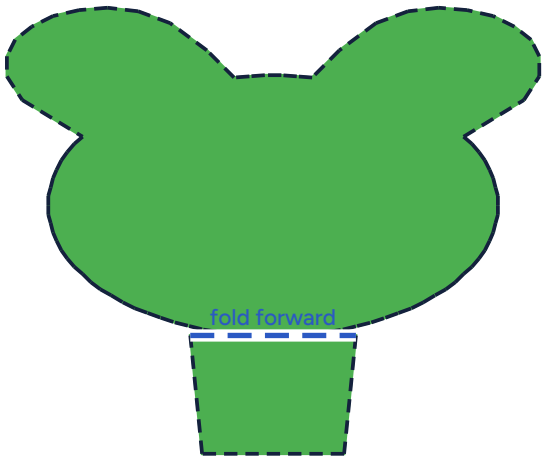

Marker 2: draw dark green spots on the frog's back. Ribbit!

Template for your frog

Print at 100% on colored paper or card. Cut along the dashed line with a grown-up helping. Fold on the blue lines forward and the red lines back.

Watch the folds
