Easy Origami Graduation Cap

Simple step-by-step paper folding art. Ages 4+ (6+ alone)

Watch the folds

1 Print the template

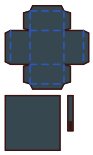

Print the page at 100% on colored paper. The dashed line around the graduation cap is where you cut.

2 Cut it out

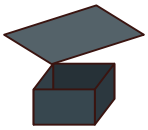

With a grown-up helping, cut out the cross-shaped base, the square board and the tassel strip.

3 Fold up the base

Fold up the four walls of the base, then fold the small rim flaps on top of each wall inward.

4 Glue on the board

Glue the tabs inside the corners so the base holds. Glue the rim flaps and press the board on top, turned like a diamond.

5 Add the tassel

Snip the fringe on the tassel. Glue its top end to the middle of the board and let it hang over a corner.

6 Color the tassel

Marker 1: color the tassel and the button in the middle gold.

7 Add gold stitches

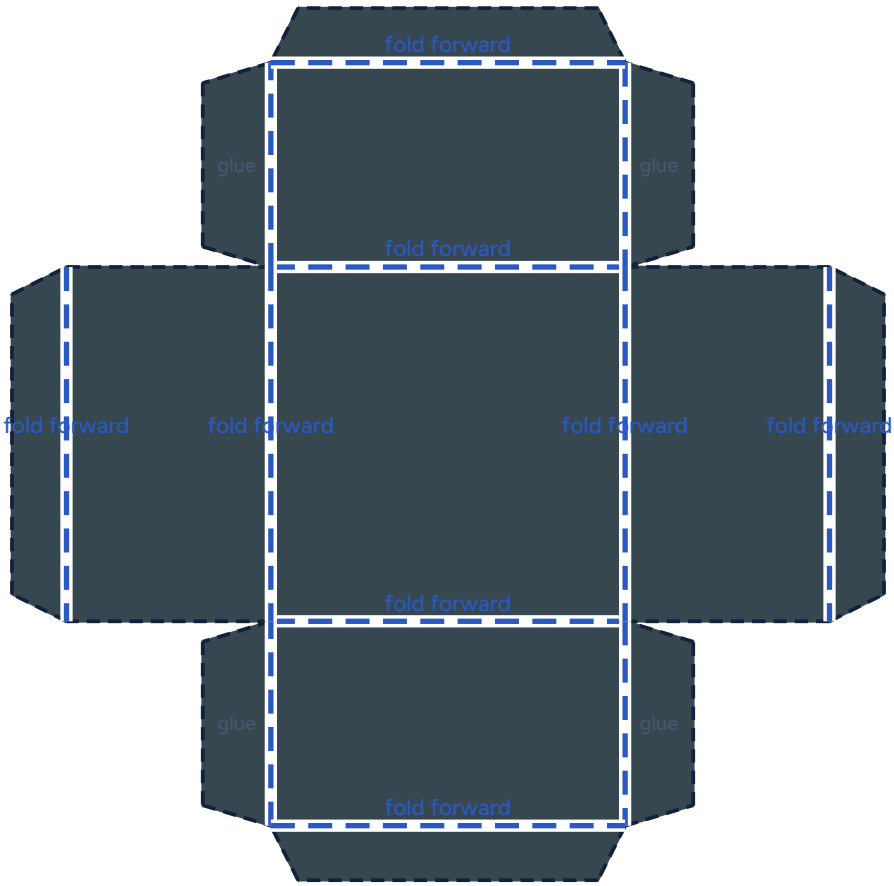

Marker 2: draw a few gold stitches around the base.
