Watch the folds

1 Print the template

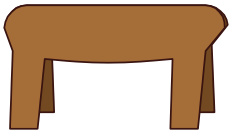

Print the page at 100% on colored paper. The dashed line around the horse is where you cut.

2 Cut it out

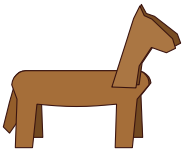

With a grown-up helping, cut out the body, the head and neck, and the tail.

3 Fold the body

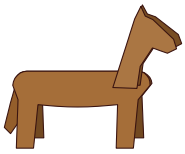

Fold the body in half along its back. Open it a little so the horse stands.

4 Add the head

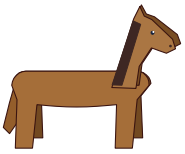

Fold the head and neck along the mane line. Glue the neck over the front of the body and the head together.

5 Add the tail

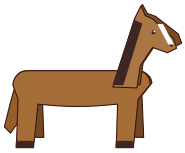

Put glue on the top of the tail and push it inside the back end, so it hangs down.

6 Draw the mane and face

Marker 1: color the mane dark brown, and draw an eye and a nostril.

7 Add a blaze and hooves

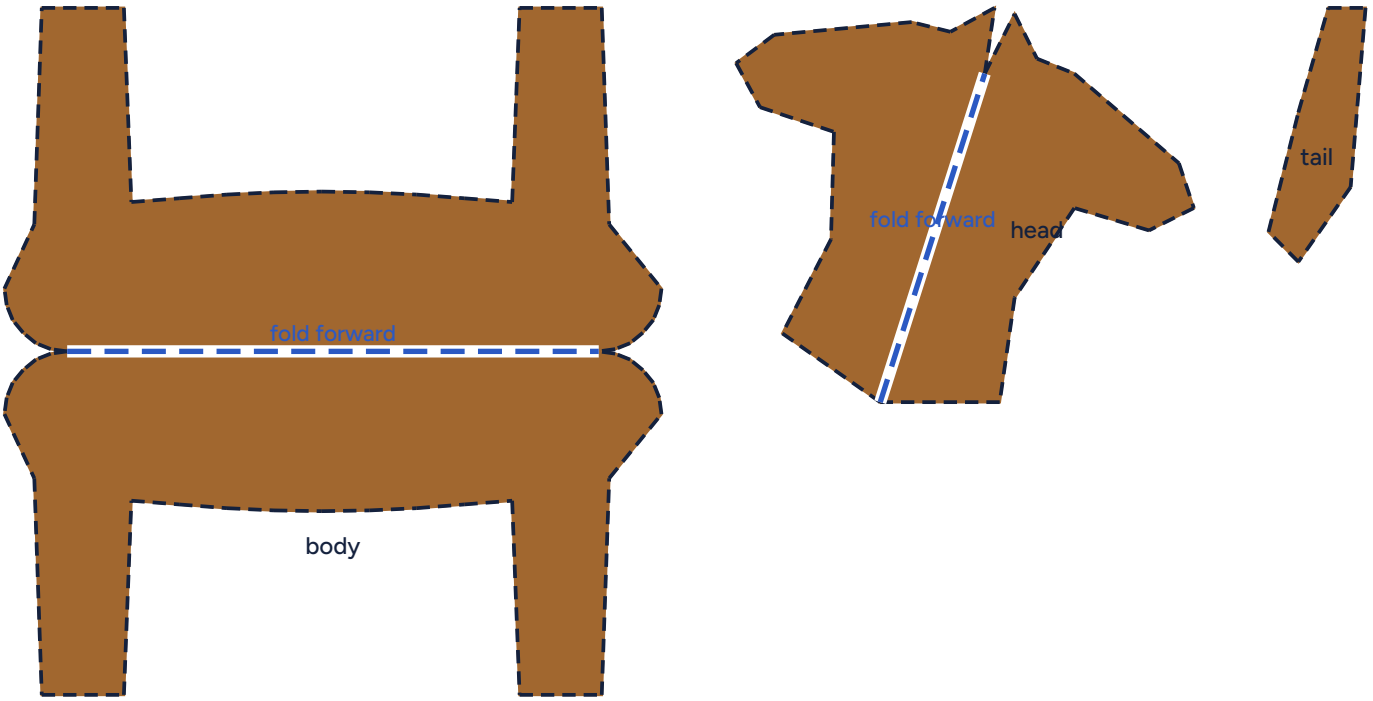

Marker 2: draw a white blaze down the face and dark hooves. Neigh!
