Easy Origami Mouse

Simple step-by-step paper folding art. Ages 4+ (6+ alone)

Watch the folds

1 Print the template

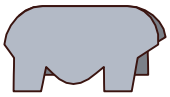

Print the page at 100% on colored paper. The dashed line around the mouse is where you cut.

2 Cut it out

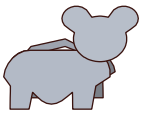

With a grown-up helping, cut out the body, the head and the tail.

3 Fold the body

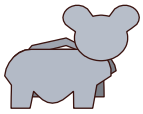

Fold the body in half along its back. Open it a little so it stands on its legs.

4 Add the head

Fold back the tab under the chin. Glue it on top of the back, at the front, so the face looks sideways.

5 Add the tail

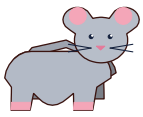

Put glue on the end of the tail and push it inside the back end of the body.

6 Draw the face

Marker 1: color the ears pink, and draw eyes, a pink nose and whiskers.

7 Color the feet

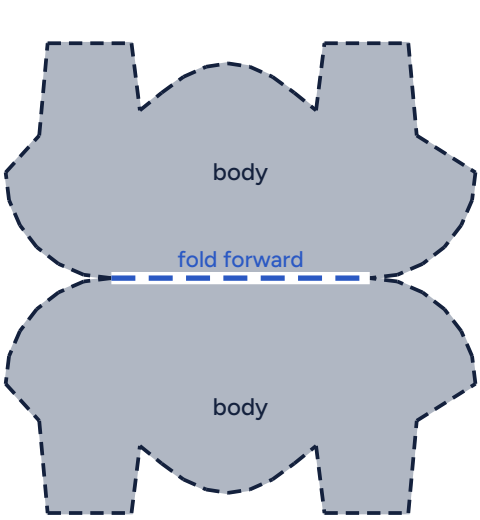

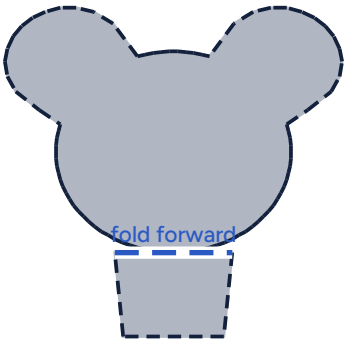

Marker 2: color the little feet pink. Squeak!

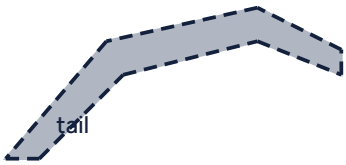

Template for your mouse
