Easy Origami Mushroom

Simple step-by-step paper folding art. Ages 4+ (6+ alone)

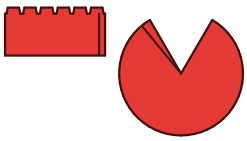

Watch the folds

1 Print the template

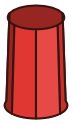

Print the page at 100% on colored paper. The dashed line around the mushroom is where you cut.

2 Cut it out

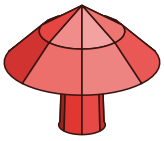

With a grown-up helping, cut out the stem with its tabs and the big round cap.

3 Roll the stem

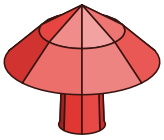

Roll the stem rectangle into a tube and glue it along the glue strip. Fold the top tabs outward.

4 Make the cap

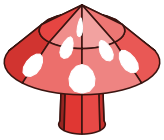

Curl the big curved piece into a low cone and glue it along its glue strip.

5 Put on the cap

Put glue on the stem's top tabs and press the cap down on them, right in the middle.

6 Draw the spots

Marker 1: draw round white spots all over the cap.

7 Add a happy face

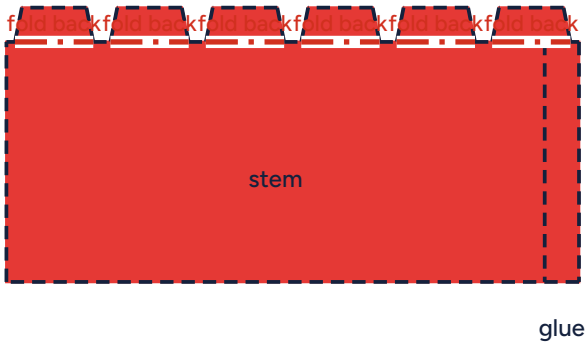

Marker 2: color the stem cream, then draw two eyes and a smile on it.
