Easy Origami New Year Clock

Simple step-by-step paper folding art. Ages 4+ (6+ alone)

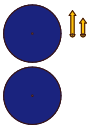

Watch the folds

1 Print the template

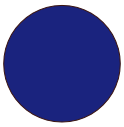

Print the page at 100% on colored paper. The dashed line around the New Year clock is where you cut.

2 Cut it out

With a grown-up helping, cut out both clock faces and the two gold hands.

3 Glue the two clock faces

Spread glue all over the back of one clock face and press the other one on it, edges lined up.

4 Add the hands

A grown-up pokes a hole in the middle with a pencil. Push a split pin through the long hand, the short hand and the clock, and open its legs.

5 Count down!

Turn both hands to the top, to midnight, and count down: ten, nine, eight … Happy New Year!

6 Mark the hours

Marker 1: draw twelve gold dots round the clock, with bigger ones at the top, bottom and sides.

7 Add fireworks

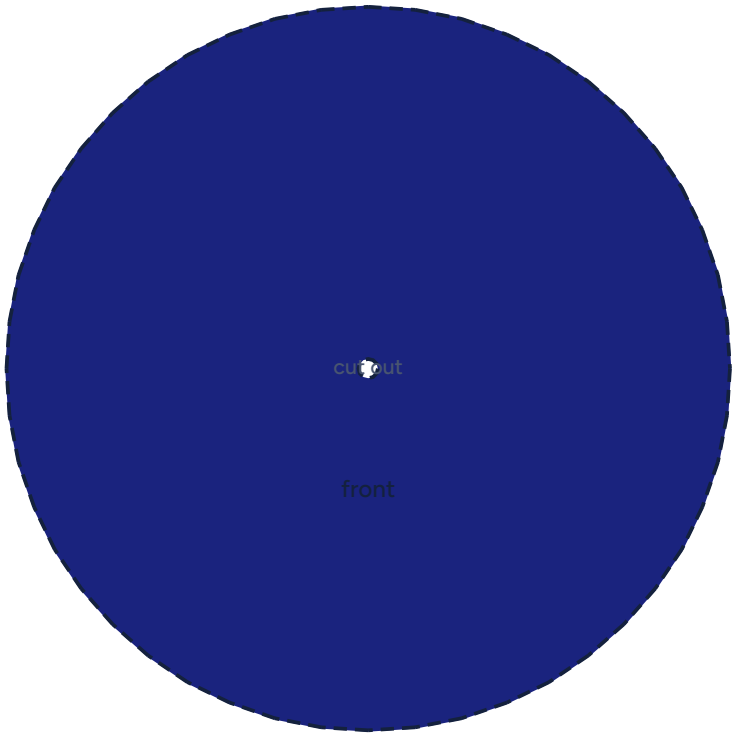

Marker 2: draw bright fireworks on the clock face. Happy New Year!
