Easy Origami Piano

Simple step-by-step paper folding art. Ages 7+

Watch the folds

1 Print the template

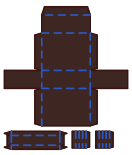

Print the page at 100% on colored paper. The dashed line around the piano is where you cut.

2 Cut it out

With a grown-up helping, cut out the piano, the keyboard and the two leg strips.

3 Fold up the piano

Fold up the walls of the piano and glue the corner tabs inside. Close the lid and tuck its flap in.

4 Add the keyboard

Fold up the keyboard box and glue its corners. Glue it on the front of the piano, halfway up.

5 Add the legs

Fold each leg strip into a square tube and glue it. Glue them under the front of the keyboard.

6 Draw the keys

Marker 1: color the keyboard white and draw little black keys in groups.

7 Add music notes

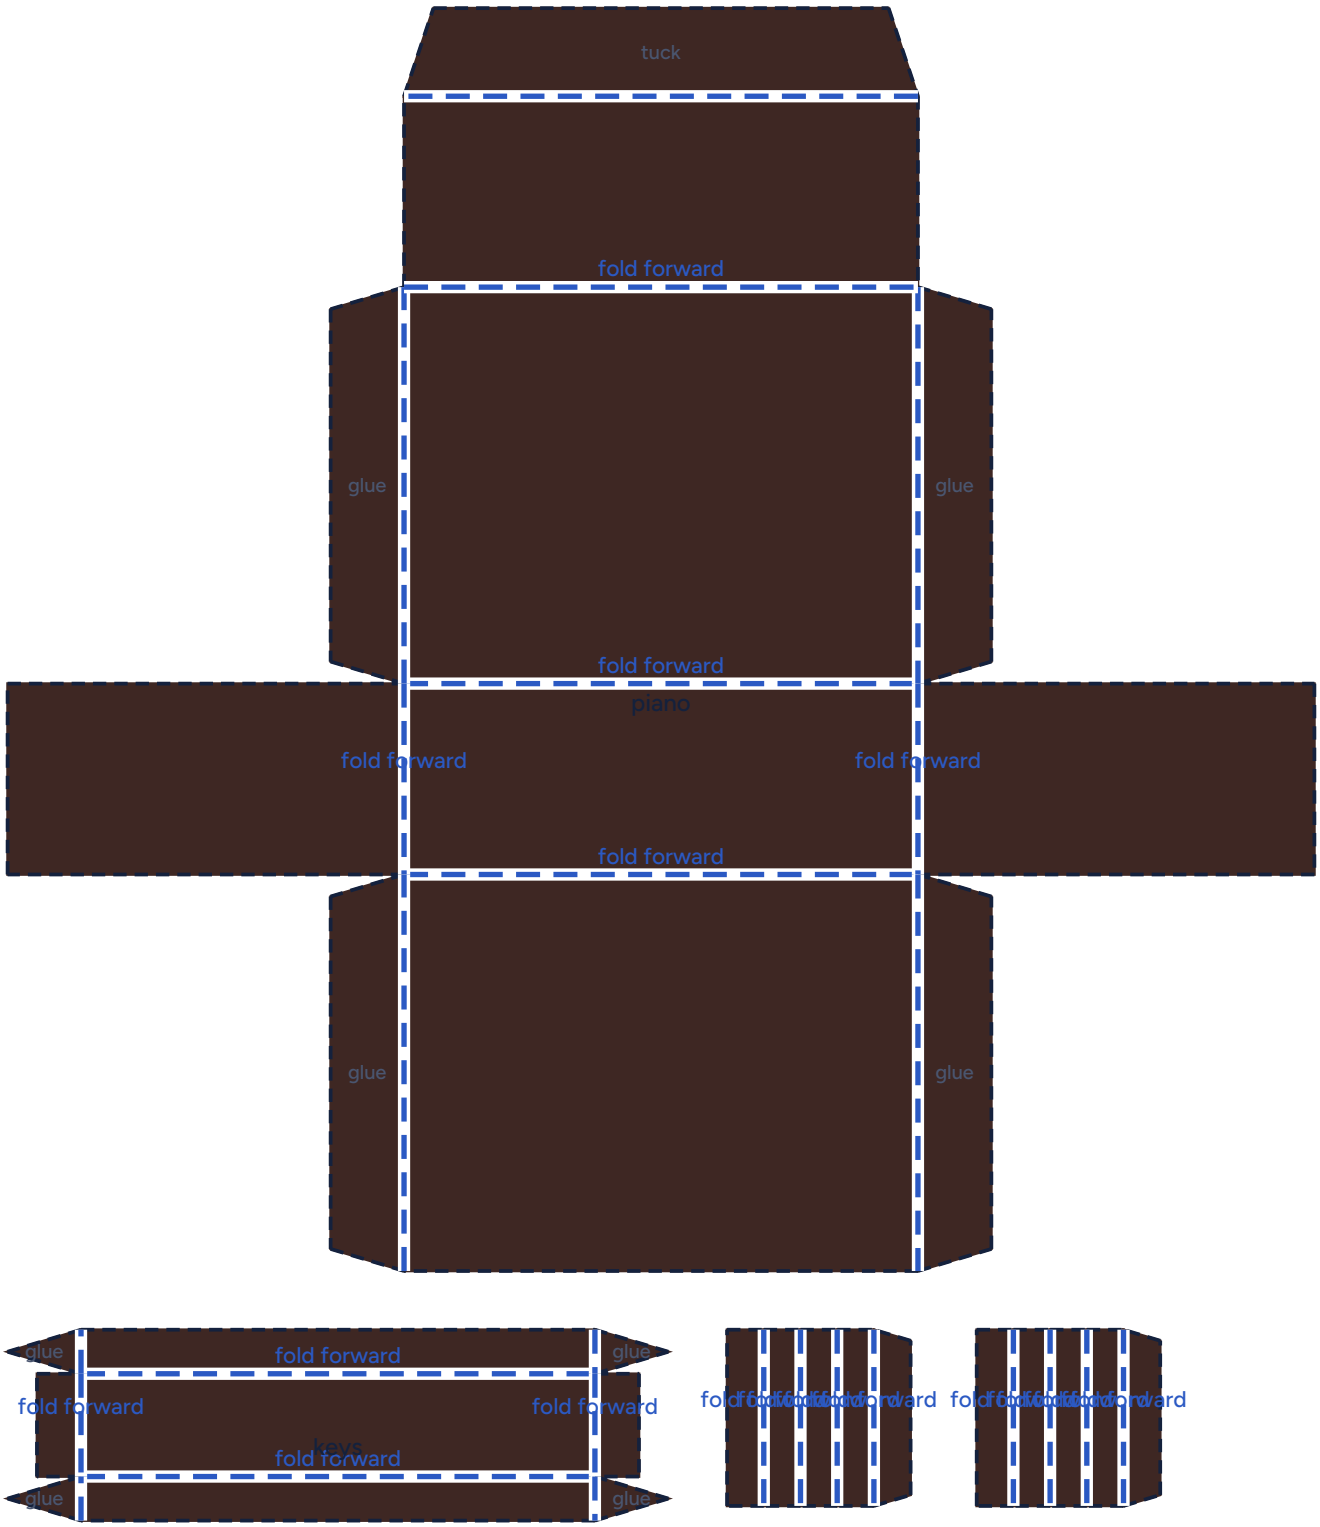

Marker 2: draw yellow music notes on the front. Play a tune!

Template for your piano

Print at 100% on colored paper or card. Cut along the dashed line with a grown-up helping. Fold on the blue lines forward and the red lines back.

Watch the folds

Print at 100% (actual size). Cut on the dashed line. A grown-up helps with the scissors.
